"The Marble City"

The photo on the cover gives some idea of how attractive the Greater Rutland area (generally known as the Rutland Region) is for homes, businesses and industries to locate and expand. For a healthful and attractive location it is doubtful if any section can offer more than the Rutland Region. Two major highways connect the region with other states as well as air service to major cities in the East.

The distance across the valley in Rutland is some 20 miles. Nearby in all directions lie areas for all types of summer and winter recreation. The tourism has become a major industry for the region. Major industrial and retail markets are in this section of the country where a spirit of welcome always prevails.

LOCATION - Rutland, known as "The Marble City" is located midway of the State between Burlington and Bennington on U.S. Route 7. It is about 15 miles from the New York state line on the east, 68 miles from Burlington on the north, 57 miles from Bennington on the south, and 46 miles from White River Jct. on the east. Other distances from important eastern points: Killington, Vt. 10 miles, Montpelier, Vt. 66 miles, Woodstock, Vt. 34 miles, White River Jct., Vt. 45 miles, Albany, N.Y. 104 miles, Boston, Ma. 169 miles, Hanover, N.H. 50 miles, Hartford, Ct. 161 miles, Montreal, Que. 158 miles, New York City 250 miles, Whitehall, N.Y. 25 miles, Schenectady 92 miles, Buffalo 359 miles.

TOPOGRAPHY - Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room, and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4235 feet. City is 540 feet above sea level and contains 4300 acres. Rutland County contains an area of 594,596 acres (939 square miles), water area of 46,725 acres. Rutland Airport 780 feet above sea level.

HISTORICAL - The history of Rutland vies with any city in the land of interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also the Colonial and Indian Wars. Probably named after Rutland Massachusetts, because the first grantee of the charter of township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL - Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico Peaks forming a most fascinating skyline. To the west are more unusually beautiful mountains, Birdseye Mountain and the northern end of the Taconic Range.

It is probable that no place exists in the northeastern United States with more natural advantages for outdoor sports and recreation. In summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, lakes, swimming pools or parks. There are 6 state forests, 6 state parks, and more than 56,000 acres of National Forest land. Mountain climbing is within a few miles of the city, with Mt. Killington a notable mountain climbing adventure. For lesser climbs there are Shrewsbury, over 3,700 ft. and Pico nearly 4,000 ft. The proximity of the "Long Trail" (the length of

Vermont) passes within 10 miles of Rutland doubling along the ridge of the Green Mountains and skirting the peaks of Killington and Pico. This is one of the most famous trails in eastern North America and Rutland is one of the supply points. The Appalachian Trail (Maine to Georgia) also provides good hiking and backpacking.

Autumn brings spectacular foliage displays and hunting for deer and other game. Horseback riding, bicycling and snowmobiling are other popular sports in the area.

Three of Vermont's finest ski areas surround Rutland. Pico Peak has long been a favorite of ski enthusiasts; the Killington Basin Ski Area includes the longest gondola ride (3½ miles) in the nation, the steepest skiing in New England, and also has the distinction of having the longest skiing season in the east and one of the longest in the country, open last season from October 20-June 15. Okemo as well as six cross-country centers draw thousands of skiers from all parts of the east, satisfying every ski enthusiast from novice to expert.

— "Manning Publications Inc." —

Your company has a lot of sales miles to cover in Vermont and it is often a long time between stops. But your challenge isn't covering miles, it is getting your message clearly and powerfully to Vermont's real decision makers.

Vermont Business can take your message right to the top. Our readers are the leaders of Vermont business and industry — a no-nonsense audience of managers and top-level executives who take us seriously.

But an advertisement isn't just another way to reach Vermont's decision makers. It is a cost-efficient way that you'll find difficult to beat in any other medium in this rapidly growing state.

Call or write us today. An advertisement in Vermont Business could be the most profitable decision you make for 1985.

Now you can enjoy the seclusion of a private residence plus the convenience of attentive service — right in the heart of scenic Green Mountain Country. Beautifully located for overnight guests, frequent business travelers or extended-stay vacationers, this competitively priced motor inn offers a variety of recreational and commercial options.

The Inn's meeting areas afford spacious accommodations for all types of group activities — whether in the comfortable privacy of a condominium suite (perfect for creative work sessions and intense conference groups) or in the functional atmosphere of the reception center/meeting rooms (where more formal presentations and display sessions can be held).

TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT

There are many ways of spelling some names with practically the same pronunciation

When the name of a corporation, factory or firm appears immediately after the name, it indicates the place of business. After the name of a street, the word "Street" is omitted.

The post office address is given only when the same does not correspond with the name of the town.

Information received too late to be included will be found on the last page of the alphabetical section.

When "res inq (residence inquire)" appears in a personal listing, it indicates -- for home address inquire at business address as listed, due to personal request or incomplete information.

Indicates Homeowner. (L) or (R) in parentheses after address indicates left or right side of street.

For full list of Standard and Local Abbreviations see end of yellow section.
